

WHAT WOULD YOU DO IF A NON-LOCAL BEING/EXOTIC PLANT PEST OR DISEASE TURNED UP ON TRIBALLY-MANAGED LAND?

WEDNESDAY, AUGUST 7TH, 2024

9:00 AM - 3:00 PM

29270 CO HIGHWAY G

ASHLAND, WI 54806

**TRAVEL SUPPORT IS AVAILABLE
UPON REQUEST**

Who should attend:

- Tribal foresters, land managers & other natural resource professionals
- Tribal emergency management professionals
- Non-Tribal partners & cooperators

Join us for a one-day workshop utilizing the federal Incident Command System (ICS) to help answer these questions and more...

- Cooperating across Tribal & non-Tribal jurisdictions
- Coordinating multi-agency authorities, roles & responsibilities
- Communicating & sharing information among multiple agencies & groups
- Sharing response resources & logistics
- Planning & implementing response operations
- Utilizing a Tribal Emergency Response Plan or a federal MOU (memorandum of understanding)
